MARRIED & LIVING "HAPPILY EVER AFTER"

Martina and children

(In her own words, Martina tells a beautiful story of hope.)

"Women's Care Center changed my life completely. I was 22 with two kids, single, just feeling hopeless." When Martina came here, she knew something had to change, but she didn't know what or how. "After talking about my choices, I became abstinent. **I needed to love me more.**"

With a pensive look, she says, "I don't think I could've gotten through without Women's Care Center. **You helped me to value myself.**"

"I waited until marriage. With all the resources, great staff, and genuine hearts, I don't think I would've gotten my fairytale ending without you guys. Thanks so much." Today, Martina is married to her "best friend." She lightheartedly speaks of some humor they found together in the unlikely context of recent dental surgery, and her eyes brighten as she recalls details of the moment.

It is clear that the steps Martina has taken to improve her life have brought her joy. And her joy continues. Martina and her husband are expecting a baby in early September.

BRYSON SAVED ...THANKS TO YOU!

Sabrina says, "If it wasn't for Women's Care Center, I wouldn't have my son right now."

Sabrina's mom originally called our center looking for an abortion. She thought her high school age daughter was too young to have a baby. However, in the loving environment of our center, Sabrina, her boyfriend and their families bonded with her tiny unborn baby ... *and Sabrina chose life.*

A "smiley happy" baby, Bryson (*shown*), is now a blessing to the whole family.

BEYOND A DECISION FOR LIFE

You know and support our mission of helping moms choose life for their babies. But you may not realize how much of our work happens **after** a decision for life. In counseling, Martina (*above*) gained insights about herself, her goals and her relationships. This helped her wait for a partner who would respect her and share her values.

YOU HELP WOMEN BECOME...

FROM FRIGHTENED STUDENT TO CONFIDENT MOM

Lauren recently told our counselor, *"It's so crazy to think about when I first came here and how scared I was. You have been my rock."*

A 20-year-old college sophomore, Lauren was terrified to tell her family. She said, "I am a planner, and a baby was not in my plan."

Coming here, she says, "was so helpful to be able to talk to someone, cry, and talk about options." During her ultrasound, she saw her baby. "I saw her little arms waving and I thought, this is my baby, and I can't go without her."

Lauren chose life. "I worked, continued college, and it was hard. But every single day, I did it for her." She also managed to squeeze in 45 visits to learn about baby care, birthing, and being a first time mom. She laughs, "I wanted to be really prepared." A self-professed "coupon fanatic" Lauren earned over 300 diapers and lots more from the Crib Club. Lauren says, *"I went from not knowing anything about babies to being a confident mom!"*

VOLUNTEER SPOTLIGHT

Stephen Barda (shown) selected Women's Care Center for his Eagle Scout Project. He organized a diaper drive collecting 1,700 diapers. He also organized a crew to construct five red cedar benches and replace dead landscaping. Stephen is a member of St. Luke Catholic Church.

WORKING ON GOALS

When a baby is born, in many cases, Women's Care Center's work just begins. Anahi sums up the important follow-up care you help us provide.

"For me, you are the angels that God sent us. This center is not only for pregnancy testing, free ultrasounds...it's more than that. Women's Care Center has parenting classes, nutrition classes, counseling; they give you all the information you need to prepare for your baby."

Anahi has been coming to our Indianapolis center for over a year working on goals. In January, she just achieved one of her most important goals by earning her high school equivalency degree.

NEVER JUDGED

Jasmyne had an abortion seven years ago. She says the experience was "terrible." But when she became pregnant again and her boyfriend wanted an abortion, Jasmyne felt herself pulled in that direction. However, at our center, Jasmyne found the confidence she needed to choose life instead. And she could not be more thrilled with her baby boy, Caius.

Baby Caius

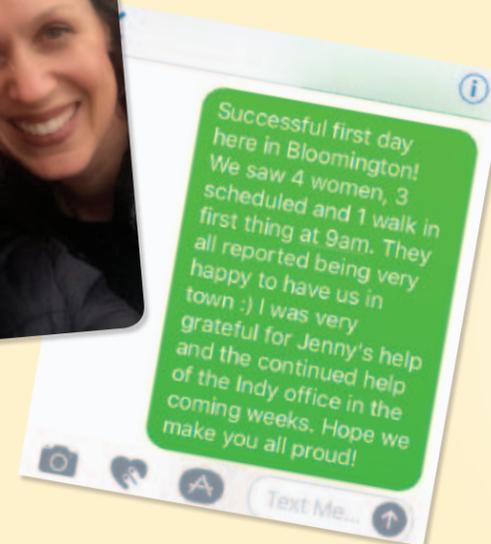

Jasmyne says, "Women's Care Center encouraged, inspired, and most importantly educated me to be the very best mother I can be. I never felt judged. I love attending classes. I learn helpful parenting skills, and always walk away with useful materials for my family."

NEW CENTER OPENS IN BLOOMINGTON

On February 1, a new Women's Care Center opened next door to the large Planned Parenthood abortion clinic in Bloomington. **Lee Ann Zatkulak**, a talented counselor from Indianapolis, is directing the new center. Indianapolis director Jenny Hubbard was there to assist with the opening. **On day #1, this amazing duo served four women. And this is just the beginning.** Hundreds of moms and babies will be saved in the months ahead.
