

Baby Giovanni

Your support of Women's Care Center helps moms and dads choose life for their babies. You also help them have healthier pregnancies, become better parents and take steps to self-sufficiency.

MERRY CHRISTMAS!

NOVEMBER 2017

YOU HELPED THEM LEARN TO PARENT!

Adam had changed a diaper only once in his life before. **But today he is a very capable dad.** His fiancée Megan laughingly says, "Our counselor taught him everything he knows!"

While Megan attended parenting classes, Adam got one-on-one instruction on diapering and other practical baby basics from their counselor. Now parents to a happy little boy named Lincoln, Megan and Adam look forward to their upcoming wedding.

Megan and Adam with baby Lincoln

SCHOOL, MARRIAGE, SECOND BABY...in that order!

Jennyfer and her baby

This is one of your babies!

These are Jennyfer's future goals today.

A year ago, things were much different though. Jennyfer was crying at our center, worried about being pregnant, and thinking about abortion. Our counselor gently encouraged her to talk with her mom. Afraid to do that directly, Jennyfer confided in her older sister, and that did the trick! Her mom has been so supportive in encouraging her to choose life.

Jennyfer's pregnancy has only motivated her to work harder. She was accepted into a program, and is training to be a dental assistant. She completed our entire birth preparation program and attended parenting classes. **She also reconnected with her faith, had her baby baptized, and has committed to abstinence.**

Smiling, Jennyfer now says she wants to finish school and get married first...and then have another child.

Baby Max

SO MANY BABIES SAVED!

580 babies have already been born or are expected to our moms in Baltimore!

Because of your love and support of this life-saving new mission, moms and dads like Max's find the courage to overcome fears and choose life. **Today Max is beloved by his parents.** Just think of the joy at Max's house as this little guy celebrates his first Christmas!

THANKS TO YOU...HEARTS ARE TOUCHED.

THANKS TO YOU...FAMILIES ARE BUILT.

YOUR SUPPORT SAVED JAXSON

Last Thanksgiving, Dale and Lianne were sitting in a counseling room, burdened with worries, thinking about abortion.

You see, the couple had always wanted children. They had tried unsuccessfully to have a child. But now, Dale was struggling with a chronic health condition, and it seemed impossible.

Our counselor lovingly encouraged them to get the facts about Dale's health and consider all their options. **And with the promise of help from our center, they chose life.**

This decision has led to so much good. Dale now says, *"I actually feel better. I think this baby has given me the will to get better."* And the couple grew closer and are now married.

Lianne says, "Women's Care Center helped us not rush into a decision we both would have regretted. Jaxson has changed our lives."

Dale and Lianne's baby Jaxson

Kalissa, Jonathan and baby Nova

NEXT DOOR SAVES LIVES

One step into the abortion clinic, they walked right out.

Feeling so uncomfortable there, Kalissa and Jonathan came across the street to see us instead. Here, they were greeted kindly and seen immediately. After counseling and an ultrasound, they left knowing they had options.

Several days later, the beaming couple returned with the news... **they were choosing life for their baby!** The dad-to-be was so excited he immediately filled out 20 job applications. And everything fell into place. Jonathan got a good job and Kalissa delivered beautiful baby, Nova.

"Our second family" is how this couple now describes Women's Care Center. Like a true family, they share the big moments with us, including graduations and family vacations (see photos).

Baby Nova wouldn't be here to enjoy her first trip to Disney, but for donors like **YOU!**

A NURTURED BABY

Without financial or family support, the mom of this sweet baby girl was just about out of options. **Until she found us on Belair Road.**

Thanks to your generous heart, she was able to earn so many baby necessities through the Crib Club, at the same time, learning baby basics and other important parenting skills. It's help like this — **every step of the way** — that helps our moms find the confidence and skills to parent their children.

PROMOTING LITERACY

Giovanni has a "library" of books his parents received from our center. You might not know that most young and poor families do not have any books in the home. But thanks to your generous support, our babies have books to help them fall in love with reading.

If you are looking for a tangible item to donate this Christmas, please think of new or gently used children's books for our babies.

Baby Giovanni

Baby Isabella

HEALTHY BABIES

You might be surprised to learn that for many women, our center is the only prenatal care they receive in the first trimester. This is why we distribute free prenatal vitamins and educate about having a healthy pregnancy and breastfeeding. We also help with finding a doctor. And for those needing more, we provide an in-depth one-on-one birth preparation program.

Thanks to your generous support, baby Isabella's mom participated in prenatal education. Isabella weighed in at a healthy 8 pounds at birth, and her mom is breastfeeding.
