

Baby Giovanni

Your support of Women's Care Center helps moms and dads choose life for their babies. You also help them have healthier pregnancies, become better parents and take steps to self-sufficiency.

**MERRY CHRISTMAS!**

## SCHOOL, MARRIAGE, SECOND BABY...in that order!

Jennyfer and her baby

*This is one of your babies!*

**These are Jennyfer's future goals today.**

A year ago, things were much different though. Jennyfer was crying at our center, worried about being pregnant, and thinking about abortion. Our counselor gently encouraged her to talk with her mom. Afraid to do that directly, Jennyfer confided in her older sister, and that did the trick! Her mom has been so supportive in encouraging her to choose life.

Jennyfer's pregnancy has only motivated her to work harder. She was accepted into a program, and is training to be a dental assistant. She completed our entire birth preparation program and attended parenting classes. **She also reconnected with her faith, had her baby baptized, and has committed to abstinence.**

Smiling, Jennyfer now says she wants to finish school and get married first...and then have another child.

## YOU HELPED THEM LEARN TO PARENT!

Adam had changed a diaper only once in his life before. **But today he is a very capable dad.** His fiancée Megan laughingly says, "Our counselor taught him everything he knows!"

While Megan attended parenting classes, Adam got one-on-one instruction on diapering and other practical baby basics from their counselor. Now parents to a happy little boy named Lincoln, Megan and Adam look forward to their upcoming wedding.

## SO MANY BABIES SAVED!

**393 babies** (like Max) will enjoy their first Christmas this year in our community... *because of you!*

Your love and support of this life-saving mission, helps moms and dads like his find the courage to overcome fears and choose life. **Today Max is beloved by his parents.** Just think of the joy at Max's house as this little guy celebrates his first Christmas!

It is no wonder that abortions have declined 38% since we opened here in 2012. **We are excited for our new center in Merrillville, which opens next month.**

Baby Max

THANKS TO YOU...HEARTS ARE TOUCHED.

THANKS TO YOU...FAMILIES ARE BUILT.

## YOUR SUPPORT SAVED JAXSON

Last Thanksgiving, Dale and Lianne were sitting in a counseling room, burdened with worries, thinking about abortion.

You see, the couple had always wanted children. They had tried unsuccessfully to have a child. But now, Dale was struggling with a chronic health condition, and it seemed impossible.

Our counselor lovingly encouraged them to get the facts about Dale's health and consider all their options. **And with the promise of help from our center, they chose life.**

This decision has led to so much good. Dale now says, *"I actually feel better. I think this baby has given me the will to get better."* And the couple grew closer and are now married.

Lianne says, "Women's Care Center helped us not rush into a decision we both would have regretted. Jaxson has changed our lives."

Dale and Lianne's  
baby Jaxson

"After only a few minutes with a counselor,  
I knew I would not be judged."

After getting to know one another, Ashley and her  
counselor laughed, they cried, then they made a plan.

**They would walk this path together, one step at a time.**

Once thinking abortion, Ashley instead chose life  
for her baby (*shown*).

## YOU SAVED DEVEN TOO!

An excellent student, when Rachel found out she was pregnant, her future plans seemed in jeopardy. Graduation, college, everything she was working for. She thought abortion was the only way out. Rachel went to her school counselor for assistance and, fortunately, he sent her to us.

Just days before her scheduled abortion, Rachel met with a loving counselor, **saw an ultrasound, and fell in love with her baby.** Embracing her baby as her new future, she joined our First Time Moms' class and went to work. Today, Rachel still looks forward to a bright future, just with beautiful baby Deven by her side.

Baby Deven

## "YOU SAVED MY BABY!"

**No "counseling." No ultrasound. JUST A PHONE CALL...but it saved a life!**

Jamila was desperate when she called our center wanting an abortion. On the phone that day, she found the most important thing we offer young women in need. **Love.** Jamila found someone to listen and encourage her. And our counselor Stefanie never knew of her impact until months later.

Jamila came to our center to thank her, *"I spoke with you over the phone. You took the time to hear me and calmed my heart. Because of you, I decided to keep my baby."*

Jamila's baby

## PROMOTING LITERACY

Giovanni has a "library" of books his parents received from our center. You might not know that most young and poor families do not have any books in the home. But thanks to your generous support, our babies have books to help them fall in love with reading.

**If you are looking for a tangible item to donate this Christmas, please think of new or gently used children's books for our babies.**

Baby Isabella

This is  
one of your  
babies!

## HEALTHY BABIES

You might be surprised to learn that for many women, our center is the only prenatal care they receive in the first trimester. This is why we distribute free prenatal vitamins and educate about having a healthy pregnancy and breastfeeding. We also help with finding a doctor. And for those needing more, we provide an in-depth one-on-one birth preparation program.

**Thanks to your generous support,** baby Isabella's mom participated in prenatal education. Isabella weighed in at a healthy 8 pounds at birth, and her mom is breastfeeding.
