

Women's Care Center baby Isaac

Baby Isaac's mom says,
"The counselors were my angels,
they were holding me up when I
was so scared and determined to abort."

Here she found confidence to choose life.

"What attracted me to the Women's Care Center
was the life-affirming gentleness and respect
that underlies everything done here."

His Eminence, Joseph Cardinal Tobin

Same Name. Same Life-Saving Mission. **TOGETHER, saving more babies.**

Your investment will create a results-driven, highly effective pregnancy center
on La Grange Road that will save thousands of babies in Cook and DuPage Counties.

Not only now, but for years to come.

Would you like to save more babies,
like Brinleigh and Brayleigh, from abortion?

you can!

**Women's Care Center of La Grange has an opportunity
to save more babies than ever before.**

We will relocate to a highly visible new site, purchase a 3D/4D ultrasound machine and
join with the largest, most life-saving pregnancy resource center in the nation.

But this can only happen with your help!

(STORY INSIDE)

Women's Care Center babies Brinleigh and Brayleigh shown

Same Name.
Same Life-Saving Mission.

**TOGETHER...
SAVING MORE BABIES.**

Women's Care Center of La Grange has an opportunity to join with the largest pregnancy resource center in the nation, coincidentally also named Women's Care Center. With 27 centers in 10 states, this center has locations in Indiana and Wisconsin — even Peoria — but no presence yet in Cook County.

This model has saved over 150,000 babies from abortion.
Thousands more will be saved through this partnership.

THE LOCATION

136 N. La Grange Road, La Grange

SECRETS OF SUCCESS

- Highly visible location on a busy street
- Full-time hours, competitive to abortion clinics
- Large pink sign and effective Internet advertising
- Skilled counselors, nurses and sonographers
- 3D/4D ultrasound helps women fall in love with their unborn babies
- Support and education *after* a woman makes a choice for life
- Professionally managed, results driven and run like a business

Donors like you have made Women's Care Center the #1 source of referrals for adoption in Indiana.

Together, let's do the same in Illinois!

ABORTION DECLINES EVERY TIME

Every community with a Women's Care Center has seen exceptional abortion declines.

In long-time communities, **abortions have declined an average of 65%** and abortion clinics have closed. In Milwaukee, the abortion rate has *declined 32%* since Women's Care Center opened in 2010. And at the four most recently opened centers to pass the three-year mark (Duluth Minnesota, Peoria Illinois, Madison Wisconsin and Hammond Indiana), abortions are already *down nearly 30%* (average).

Unfortunately, our community is an abortion hub for women from throughout the region.

Abortion clinics are plentiful and there is one baby aborted for every 3 babies born in Cook County.

The number of women having abortions has increased over the last 10 years. **Together, we can build a life-saving center to start bringing down abortions here...but only with your help!**

WE NEED YOU!

The budget to renovate the new center and purchase furnishings, signage and a 3D/4D ultrasound machine is \$224,000.

Your gift, *of any amount*, is vitally important. And, if you are able, please consider joining our **Founder's Circle** with a gift or pledge of \$25,000. All those making Founder's Circle gifts will be permanently memorialized at the new center.

**ONLY YOU
CAN MAKE THIS HAPPEN!**

With your help...
we will save over 500 babies in year #1 alone. And this is only the beginning.

Please consider your generous start-up gift to this most life-saving opportunity.
