CARELINE

FIRSTCHOICE CLINIC • SEPTEMBER 2018

FARGO, BISMARCK AND DEVILS LAKE, NORTH DAKOTA

YOU'RE INVITED!

October 8 — Fargo, Holiday Inn

October 9 — Bismarck, Ramkota Hotel

October 11 — Devils Lake, KOC Hall

Food, Friends and Guest Speaker, Pam Tebow

Pam is the mother of former NFL player and current professional baseball player, Tim Tebow. Her notoriety increased when Tim won the Heisman Trophy and ESPN aired an interview that focused on her refusal to abort him when she was advised to do so.

Space is limited. Call (701) 237-6530 to make a reservation.

SAVING MORE BABIES, BETTER TOGETHER

You have supported
FirstChoice Clinic on a journey.

A journey with only one objective:
To serve the **MOST** women and
save the **MOST** babies from abortion.

Because of you, our center was one of the first in the nation
to introduce ultrasounds (1997) and you helped spread this mission throughout the state.
You helped save over 400 babies last year alone at our three centers. But more is needed.

**With your support, we will join Women's Care Center, the nation's largest, most life-saving
pregnancy center.** With 29 centers in ten states, this mission has saved over 150,000 babies from abortion.

DETAILS INSIDE.

Twins Brinleigh and Brayleigh

**THANKS TO
PARTNERS LIKE YOU,**
Karla married Brandon and is
starting college. She now says,
"Baby Ezekiel is the
best thing that's ever
happened to us."

"I NEVER BELIEVED IN ABORTION, BUT THEN SUDDENLY IT WAS ME."

Karla wanted to be the first in her family to graduate from college and thought
a baby would ruin everything. **THANKS TO YOU,** Karla and her now husband
Brandon found loving support at our center.

"I knew that pregnancy made me a mom, regardless of my decision, but I didn't
know if I could give this baby the life he deserved. I thought I wanted an abortion."

Karla says, "When I came in for my ultrasound, I saw the tiniest little thing, like a jelly bean.
And I thought, 'I can't do this! I need to keep him! There's literally another person inside me.'"

In her own words,
thank you!

Baby Ezekiel

Baby Isabella

**BECAUSE OF YOU,
FirstChoice Clinic is going...**

Partners like you have made FirstChoice Clinic the largest pregnancy resource center in North Dakota.

With your support, we will join Women's Care Center, the nation's largest, most life-saving pregnancy center.

With your help, we can **TRIPLE** the number of babies saved here.

THE NEED

1,226 babies were aborted in Fargo last year. Sadly, Fargo has become an abortion hub for women from throughout the region. **There is now one baby aborted here for every two babies born.**

That can change. *With your continued support!*

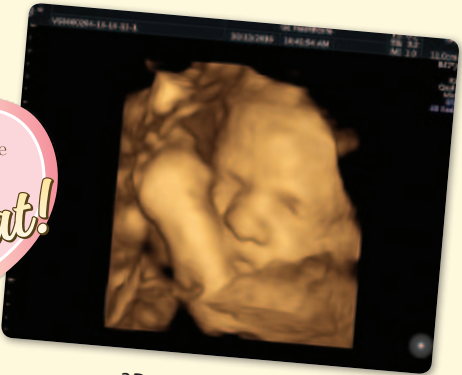

ABORTION DECLINES EVERY TIME

Every community with a Women's Care Center has seen exceptional abortion declines. Long-time, abortions have declined an average of 65% and abortion clinics have closed. In new communities — like Milwaukee, Wisconsin (founded 2010) and Columbus, Ohio (founded 2008) — abortions have already declined an average of 34%.

THE PLAN FOR FIRSTCHOICE CLINIC

- Move to more visible, central city locations
- Expand hours, competitive to abortion clinics
- Visible signage and effective Internet advertising
- Additional counseling training to improve outcomes
- 3D/4D ultrasound to help women bond with their babies

3D/4D Ultrasound

Baby Isaac

Bismarck was the first to adopt the Women's Care Center model.

Because of your support, enhanced counselor training and improved Internet are fueling spectacular growth. But just think of the growth possible with a highly visible new location.

GROWTH IN BISMARCK

NEW FARGO LOCATION

121 N. University Drive, Fargo, ND 58102

In Fargo, a new location has been found downtown near the abortion clinic. Counselor training is underway. Because of your support, the improved counseling model is already seeing benefits, but more is coming with the new location and Internet program.

NEW DEVILS LAKE LOCATION

404 4th Street NE, Devils Lake, ND 58301

In Devils Lake, a new highly visible downtown location has been found. Counselor training is complete. Because of your support, even more growth will come with the move to the new site and purchase of a 3D/4D ultrasound machine.
