

Baby Giovanni

Your support of our center helps moms and dads choose life for their babies. You also help them have healthier pregnancies, become better parents and take steps to self-sufficiency.

MERRY CHRISTMAS!

WOMEN'S CARE CENTER, 40 S. Richland Avenue, P.O. Box 1621, York, Pennsylvania 17405

NOVEMBER 2017

RENOVATION UNDERWAY!

Please drive by our new center at 40 S. Richland Avenue and see the progress that is being made.

The pink awnings are up and I think you will be amazed at how visible this new location will be!

Because of the loving support of donors like you, we are hopeful we will be open and serving moms and babies at the new location in January.

The home will be restored to its original beauty, landscaping added ... all topped off with a large pink Women's Care Center sign.

With your help, this center will serve 500 women the first year!

YOUR SUPPORT SAVES BABIES ...LIKE JAXSON

Last Thanksgiving, Dale and Lianne were thinking about abortion. Dale was struggling with a chronic health condition, and having a baby seemed impossible. Our counselor lovingly encouraged them to get the facts about Dale's health and consider all their options. **And with the promise of help from our center, they chose life.**

Dale now says, "I actually feel better. I think this baby has given me the will to get better." The couple grew closer and are now married. Lianne says, "You helped us not rush into a decision we both would have regretted."

DIFFERENT NAME. SAME LIFE-SAVING MISSION.

We are excited that **Pregnancy and Family Resource Center** is partnering with **Women's Care Center**, a national organization that **serves more women and saves more babies than any other pregnancy resource center in the nation.** Founded by Catholic theologian, Dr. Janet E. Smith, when she was a professor at the University of Notre Dame, the center has grown to serve women from 27 centers in 10 states. When we open, we will be #28, and the first in Pennsylvania!

Meet Isabella! Isabella is just one of the 13,023 Women's Care Center babies who will celebrate their first Christmas this year! Babies who might have been aborted, *but for the love and support of donors like you!*

THANKS TO YOU...HEARTS ARE TOUCHED.

THANKS TO YOU...FAMILIES ARE BUILT.

SCHOOL, MARRIAGE, SECOND BABY ...in that order!

These are Jennyfer's future goals today.

A year ago, things were much different though. Jennyfer was crying at our center, worried about being pregnant, and thinking about abortion. Our counselor gently encouraged her to talk with her mom. Afraid to do that directly, Jennyfer confided in her older sister, and that did the trick! Her mom has been so supportive in encouraging her to choose life.

Jennyfer's pregnancy has only motivated her to work harder. She was accepted into a program, and is training to be a dental assistant. She completed our entire birth preparation program and attended parenting classes. **She also reconnected with her faith, had her baby baptized, and has committed to abstinence.**

Smiling, Jennyfer now says she wants to finish school and get married first... and then have another child.

Jennyfer and her baby

Megan and Adam with baby Lincoln

YOU HELP DADS LIKE THIS LEARN TO PARENT!

Adam had changed a diaper only once in his life before. **But today he is a very capable dad.** His fiancée Megan laughingly says, "Our counselor taught him everything he knows!"

While Megan attended parenting classes, Adam got one-on-one instruction on diapering and other practical baby basics from their counselor. Now parents to a happy little boy named Lincoln, Megan and Adam look forward to their upcoming wedding.

PROMOTING LITERACY

Giovanni has a "library" of books his parents received from our center. You might not know that most young and poor families do not have any books in the home. **But with your help,** our babies will have books to help them fall in love with reading.

If you are looking for a tangible item to donate this Christmas, please think of new or gently used children's books for our babies.

Baby Giovanni

Ambria and baby Cameron

"I CAN'T BELIEVE I DIDN'T WANT YOU!"

Ambria says this now. But when she first came to us, she didn't want a baby and was thinking about abortion. Ambria had goals. She wanted to buy a house and go back to school. She thought a baby would be a huge setback.

However, the ultrasound changed everything for her. "It made him so real!" And when she found out she was having a boy, she laughingly said, "He's going to be big with a lot of muscles!"

Ambria now could not be more in love with baby Cameron. She becomes emotional just thinking about how she almost didn't have him. She still has goals and is going back to school to complete her plan.

Baby Isabella

Because of **generous donors,** the new center will have a life-saving 3D/4D ultrasound machine!

3D/4D ultrasound

HEALTHY BABIES

You might be surprised to learn that for many women, our center is the only prenatal care they receive in the first trimester. This is why we distribute free prenatal vitamins and educate about having a healthy pregnancy and breastfeeding. We also help with finding a doctor. And for those needing more, we provide an in-depth one-on-one birth preparation program.

With your support, mom's like Isabella's will participate in prenatal education. Isabella weighed in at a healthy 8 pounds at birth, and her mom is breastfeeding.

THANKS TO YOU...

our new center will save so many more moms and babies like Ambria and Cameron.
