

Next Door Saves Lives.

Be the one to save more babies from our community!

"We hope we would have chosen life on our own, but in our hearts, we don't think we would have."

Brock, Alyssa and baby Ella

**Women's
Care Center**
TREASURE COAST, FLORIDA

Over 1,000 babies from Indian River and St. Lucie Counties were aborted last year.

Although there are pregnancy resources in both counties, it is not enough. Abortions are still in high demand and too many women are sadly going directly to the abortion clinic.

NEXT DOOR SAVES LIVES

There is no more life-saving place to be than near the abortion clinic. If we are there, women come for “second opinions”... they come in the wrong door...they come because they didn’t know there was an alternative. **If we are not there, they will not come and babies will be lost.**

In communities with a Women’s Care Center near the abortion clinic, life is winning. In South Bend, Indiana, where we were founded, abortions have declined 69%. This can happen in our community too.

But it takes you!

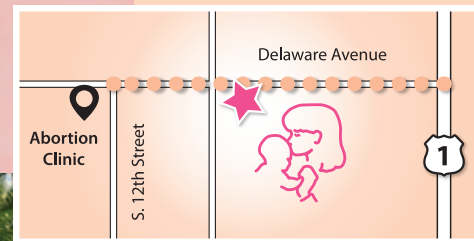

Only you can expand this vital mission to the moms and babies in our community.

“Once I had my baby, I felt so sad that abortion was even a thought in my head.

I am continuing my plans to go to college for nursing. I want the donors to know that I thank you. You taught me to be a mom.”

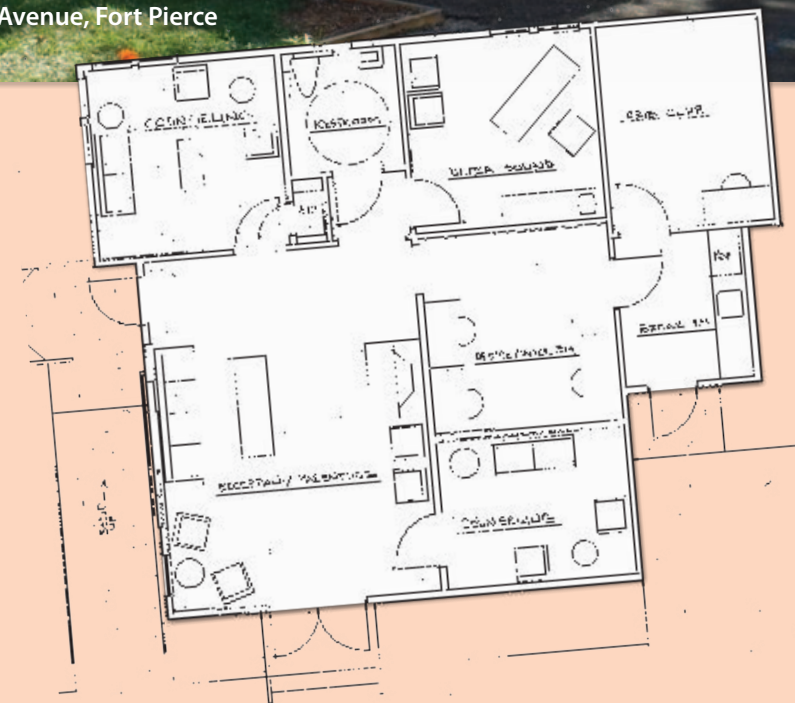

— Mother of baby Isabella (shown)

With your help, women traveling to the abortion clinic **will see us first!**

911 Delaware Avenue, Fort Pierce

- Highly Accessible
- Large Pink Sign
- Easy Parking
- Huge Lot with Room to Grow!

Based on history, we estimate **300 babies will be saved in the first year alone...** and that’s only the beginning!

2nd Year Operations.....	\$325,000
Start-up Budget.....	\$930,930

Be a hero for thousands of babies yet to be born.

Only someone like you can build a life-saving Women's Care Center in Fort Pierce. In communities with a Women's Care Center near the abortion clinic, *life is winning*.

But it takes you. Be the one.
Save more babies from our community.

Brinleigh and Brayleigh

"If it wasn't for Women's Care Center, my girls wouldn't be here today,"
said mom Brandi of twins shown.

Brandi was on her way to the abortion clinic when she saw our sign and came to Women's Care Center instead.
