WOMEN'S CARE CENTER • NOVEMBER 2020

33 CENTERS IN 12 STATES | TREASURE COAST, FLORIDA EDITION

## NEXT DOOR SAVES LIVES

Women's Care Center found the perfect location just down the block from the regional abortion clinic in Fort Pierce. With your help, we will be open and saving babies by Spring 2021.

**Over 1,000 babies from Indian River and St. Lucie Counties were aborted last year.**

**Most of them at this abortion clinic in Fort Pierce.**

There is no more life-saving place to be than near the abortion clinic. If we are there, women come for "second opinions" ...they come in the wrong door...they come because they didn't know there was an alternative. **If we are not there, they will not come and their babies will be lost.**

**In communities with a Women's Care Center near the abortion clinic, life is winning.**

In South Bend, Indiana, where we were founded, abortions have declined 69%. This can happen in our community too.

**But it takes you!**

**Only you can expand this vital mission to the moms and babies in our community.**

**"I don't think I could live without this little frisky child of mine!"**

says Leah today.

**"It makes me emotional to think about."**

Leah's baby Bella

## A Love Letter to YOU!

**"TO THE PEOPLE WHO SUPPORT THIS PLACE: Londyn would not be here today without you, and that's the honest truth.**

"How could I not have wanted her at first? What would I do without her? She is joy.

"People often say, *'this place changed my life,'* but I want to say,

**'No, you don't understand — this place *really did* change my life and my heart, and I now carry that love with me always.'**"

— Valerie

# Proposed New Women’s Care Center

With your help, women traveling to the abortion clinic  
will see us first!

911 Delaware Avenue, Fort Pierce

- Highly Accessible
- Large Pink Sign
- Easy Parking
- Huge Lot with Room to Grow!

Based on history, we estimate  
**300 babies will be saved**  
**in the first year alone...**  
*and that’s only the beginning!*

“Once I had my baby, I felt  
so sad that abortion was even  
a thought in my head.

I am continuing my plans to go to college  
for nursing. I want the donors to know that  
I thank you. You taught me to be a mom.”

— Mother of baby Isabella (shown)

## Next Door Saves Lives

You helped Women’s Care Center grow to serve so many moms and babies in Indian River County. The center in Vero Beach decided to become an independent pregnancy center and continues to do good work.

**But Women’s Care Center’s work is not done.** There are still over 1,000 abortions in Indian River and Saint Lucie Counties every year. Too many women from Vero Beach and the surrounding areas are sadly going directly to the abortion clinic.

With your help, we will be there too. Offering hope and saving babies.

Twins Brinleigh and Brayleigh

“If it wasn’t for Women’s  
Care Center, my girls  
wouldn’t be here today,”  
*said mom Brandi of twins shown.*

Brandi was on her way to the abortion  
clinic when she saw our sign and came  
to Women’s Care Center instead.
