CARELINE

WOMEN'S CARE CENTER • SEPTEMBER 2020

32 CENTERS IN 11 STATES | LINCOLN, NEBRASKA EDITION

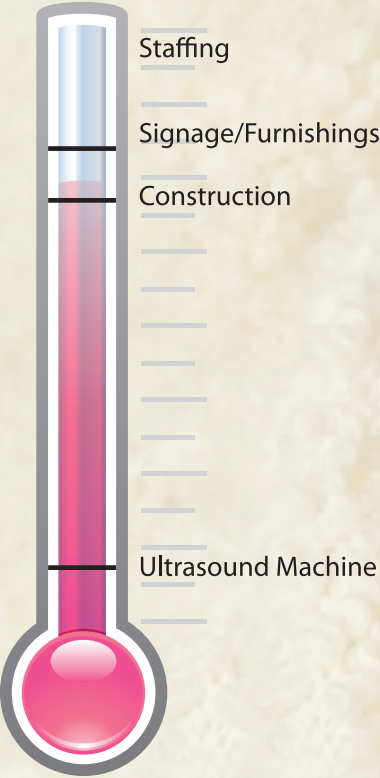

YOU DID IT!

Thanks to generous partners like you, our new Women's Care Center is under construction!
Immediately across the street from the large abortion clinic on 48th Street, this new mission will save so many moms and babies...*thanks to you!*

Director Sarah Kroner, an RN and sonographer, got her start at the Women's Care Center in Peoria. "I saw firsthand all of the wonderful and beautiful ways Women's Care Center touched countless lives," explains Sarah. "I didn't know how I could possibly leave the center, but I wanted to be with my family in Lincoln." After much thought and prayer, Sarah says she felt God calling her to bring Women's Care Center and its mission along with her to Lincoln!

And because of you, the new center will open the week before Thanksgiving.

\$400,000

Baby Aranza

Elliot and Breanna

As an emergency paramedic,
Breanna is a hero to so many,

**but donors
like you are her heroes!**

Originally considering abortion, at Women's Care Center
she found the love, hope and encouragement to choose life.

**THANK YOU FOR BUILDING THE
NEW WOMEN'S CARE CENTER IN LINCOLN.**

"I don't know what I would have done if it wasn't for
this place. I don't know if you realize the impact you've
made, but you've made one, and it's a big one,"

says Breanna, mom of baby Elliot shown

Next Door Saves Lives

“Our whole family wouldn’t be here without you!” says Matt.

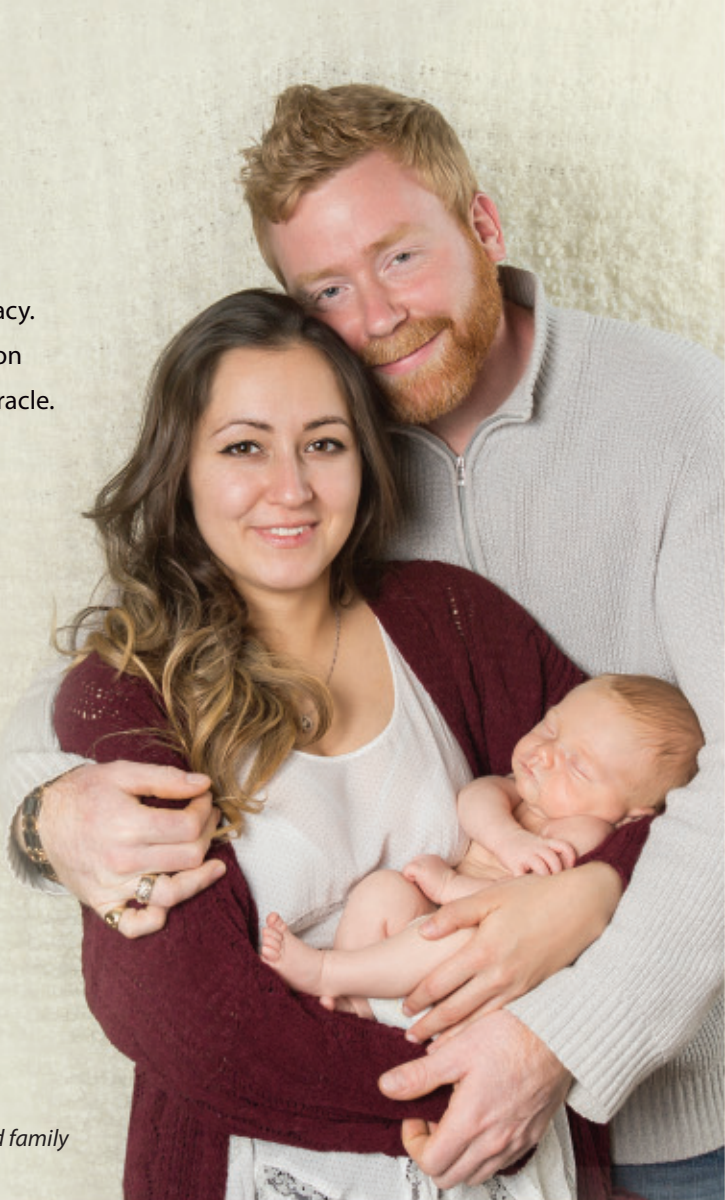

“We panicked! DeAnn had just graduated with her doctorate in pharmacy. It felt like the worst timing ever. We googled the address of the abortion clinic and it took us to Women’s Care Center. Looking back, it was a miracle.

“Women’s Care Center took the pressure off. Right away, you made us feel like we were in the right place. We love coming here — it’s like therapy. We talk about everything. And we leave every time feeling a million times better.

“Without you, we would have made an irreversible decision. Our lives are because of you. His life is because of you!”

Because of you, soon there will be hundreds of babies like Matt’s son born to moms and dads from Lincoln!

Matt and family

“The classes are so good that we just keep coming! This place is way more than just help to have a baby — it’s help through your kids growing up,”

says Humberto.

CARE BEYOND A CHOICE FOR LIFE

Your Love Continues

After a baby is born, that’s when our work really begins. By attending classes or one-on-one education, parents earn coupons that can be redeemed in our Crib Club baby store for cribs, diapers, new baby clothing, and baby supplies. And some classes have a complimentary children’s book that parents get to take home to encourage a love of reading. Other classes end with a read-aloud for the children. Finally, many generous people donate books to fill our book bins so that every time a child visits the center, they can take home a book. These are just some of the ways you will build nurturing families long after a choice for life.

Cutting Edge Ultrasound

“I can tell you — I don’t want it to sound extreme, but it is true — you donors saved my daughter’s life!”

says Robin.

“Without your support, without having someone waiting there to talk to me, I wouldn’t have made the decision I did. I never expected one-on-one counseling. My counselor really listened to me. And because you listened, you could tell that my mind wanted an abortion, but my heart wasn’t in it.”

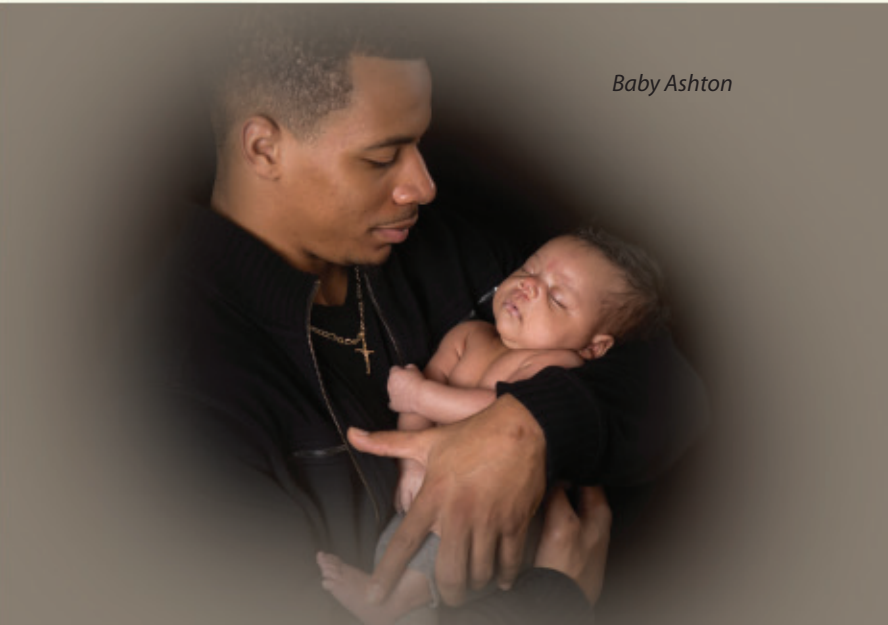

The day of her scheduled abortion appointment, Robin just sat in the parking lot.

“I couldn’t go in. I wanted to be back at Women’s Care Center.”

Robin’s baby Mariah

Thanks to a generous gift from the Knights of Columbus, our new Lincoln center will have a **3D/4D state-of-the-art ultrasound machine.**

Baby Ashton

Before baby Ashton was born, his dad used to read to him from the Dr. Seuss book he received at the center.
