

 **WomenSource**

is becoming

**Women's
Care Center** 

You have nurtured this beautiful mission and saved
so many babies through WomenSource.

But this is only the beginning...

"It wasn't the picture-perfect family I'd imagined.
My boyfriend tried to make me get an abortion.
Even my best friends told me to get an abortion.

"It was my counselor who got me through. **I just talked
to her a lot, cried a lot and she gave me strength.**"

~ Kayla

Baby Jerica

WomenSource is going from *good* to *great!*

- New highly visible sign
- Intensive counselor training
- Full-time hours
- 3D/4D ultrasound machine
- Expertise in online advertising

You have supported WomenSource in saving hundreds of moms and babies. *But more is needed.*

Our community has become an abortion hub for women from throughout the region. **5 of 7 Minnesota abortion clinics are just around the corner from our center in Anoka.**

Too many babies are still being lost.

That is why our center is joining with Women's Care Center, the nation's largest, most life-saving pregnancy resource center. **With 33 centers in 12 states, Women's Care Center is uniquely different. With a business plan that works, successful in its simplicity.** Centers quickly become the place women trust. In cities large and small. In Indiana (where founded), 1 in 8 babies born in the state now start with Women's Care Center.

Together, we will serve many more women and save many more babies. But ultimately, you are the most important ingredient. **IT TAKES YOU!**

Baby Parker

"You are my guardian angel," mom Jasmine says.

"I was 42. I didn't even know if I could ever have children. Then, surprise! I didn't have insurance, I was in-between jobs, transitioning between living situations and I didn't know what I was going to do."

"It was surreal, hearing that heartbeat" says dad Nate. "We heard this little boom-boom-boom of his heart and looked at each other like, 'Okay! This little guy is in there!'"

Jasmine says, "You gave me the stepping stones. It wasn't just **telling** me everything was going to be ok, you **showed** me how and **gave** me the way."

"Parker's very existence is enough to motivate me now. He's the future generation so I have to help shape that. I want him to grow up to be kind, courageous, helpful to others. I want him to be a beacon of light for people,"

says Nate (shown holding baby Parker).

Beyond a Decision for Life!

As a Women's Care Center, you will help our moms and dads not only learn to parent, *but to become great parents!*

We will be rolling out their newest program, *"Raising Kids with Character,"* that teaches parents practical ways to instill virtues in their children at a young age. Children learn to be kind, respectful, peaceful, creative, honest and hopeful.

So many more babies like Vinny will be saved. **But it takes you!**

Vinny's mom Meagon was a single mom of a young daughter. In the midst of COVID, it just seemed too much.

"I was scared. If I didn't come to your center, I think I would have made a different choice."

"My counselor helped me see that I was going to be fine. And she was right!"
Meagon was engaged to Vinny's dad in November and they are getting married on October 3 of this year.
