WOMEN'S CARE CENTER • MARCH 2022

34 CENTERS IN 12 STATES | ANOKA, MINNESOTA EDITION

"I had just turned 21 and I was still in college..."

"People make you feel guilty. I was told, 'You should be finishing college first. A baby will ruin your career.'"

"You showed me that I could still go to school and just because I'm having a baby doesn't mean my life is on hold. Now, I just include an extra person in it all! I am still in school and graduate in a semester."

"I called you every other day at the beginning! And it was never just, 'Here's your pregnancy test. Now, move on.'"

"This place is the right stepping stone for anyone who is pregnant,"
 says Hanna, mom of baby Paisley (shown).

"I googled: 'Where to get an abortion'..."

says Krystina.

"I was supposed to go to the abortion clinic. But after I visited your center, I never went. You were so wonderful."

"When I found out I was having twins, I was even more worried than before. I'd just gone through a tragedy [the death of her boyfriend]. I was not prepared."

"My mind didn't change overnight. But over the weeks, I started to realize I could do it.
 I kept coming back to your center. You were always here for me.

"I love my babies! Even though they are twins, they are opposites. He's outgoing, and she's sassy!"

AND TO THE DONORS, Krystina says,

"You have been more than a blessing to me."

I am so happy about my decision.
 Absolutely, absolutely!"

WomenSource is going

Women's Care Center
baby Violet

"I was in between being homeless and living with my mom," says Mackenzie.

"It was a mess, but I got everything I needed here. My counselor would sit with me, uplift me. When I told her how I was struggling, she would say, 'You can do this!'"

Mackenzie's boys, Benjamin and Elliott

"I always knew she was listening to me — we had a bond. Even now, she checks in and I think, 'Wow! She still thinks about me!' And look at me now! I have my own apartment, I have insurance, I have a car!"

"Even though you didn't give me any of those things physically, you got me there by pushing me to be a better mom and better person."

AND TO THE DONORS, Mackenzie says, "I want to say thank you. It's crazy how much I've been given and it's all because of what YOU have given."

You Build Families

"You always made me think, 'Wow! I didn't know that before,'" says Vilma of our classes.

"My kids have been coming to music classes since they were babies! Whenever they were crying and I started singing songs from the classes, they stopped instantly! Even years later, when I sing those songs, they are so happy."

And above everything else she's been taught, one piece of advice stands out:

"Don't forget to say, 'I love you' over and over."

When you are busy with a job and a baby, it's easy to forget how important that is."

Vilma and her family

You are taking our center... from Good to Great!

Because of you, our Anoka center is serving more women and saving more babies than ever before. With two new nurses on staff, we can now offer full-time ultrasounds.

Over the last month, we provided more ultrasounds than we used to do in an entire year!

You make all the difference for young moms like Krynne. She is just one of the abortion vulnerable moms who received an ultrasound recently. Krynne says, "I kept coming back and seeing Jacque. She helped me go through all of the pros and cons of having a baby. **I chose to keep my baby and I am very happy with my choice.**"
