Malachai's Story Inside!

CARELINE

WOMEN'S CARE CENTER • SEPTEMBER 2021

34 CENTERS IN 12 STATES | ANOKA, MINNESOTA EDITION

"You saved me," says Edith.

"I had a lot of tough stuff in my past. But my counselor has been in my corner from day one. She listens...and she tells me the truth. Now, I'm doing the right things to be a good mom.

"I know how it feels not to have a loving home...to go to your friend's house just because their mom and dad love and care about each other. But he's not going to need that. I am going to raise Noah to know he is always loved.

"When he grows up, I want him to be kind, smart, generous, work hard and believe in himself. And I'm thankful to the counselors, but also the donors who made it so I could come here and learn so much."

TWINS x 2!

The first set of twins was a blessed surprise... *But the second set?* At first, Maria thought it had to be a joke!

"When I looked at the screen, I saw two right away and the sonographer said, 'Oh my goodness! Do you see this?'"
Maria was shocked to be expecting a second set of twins in just 13 months.

"I have been leaning on Women's Care Center through all of this. My husband and I were able to earn cribs, car seats, clothes and diapers for all of our twins."

TO THE DONORS, SHE SAYS,

"Thank you! I love my kids so much, they make me so happy. I don't know what I would do without them!"

Maria's twins

Because of you...

WomenSource is going from *good* to *great!*

You have nurtured this beautiful mission and saved so many babies through WomenSource. But this is only the beginning. So many great things are happening as our center joins with Women's Care Center, the nation's largest, most life-saving pregnancy resource center. And there is no cost to our center for any of it.

Our counselors are being trained. Our marketing is being improved. Our center has been renovated. Already we are seeing many more abortion vulnerable women in Anoka. And the end result is more babies are being saved!

But ultimately, you are the most important ingredient. **None of this would be possible but for your generous support of this mission!**

Our Anoka center is now much more welcoming for pregnant women in need.

"You were the only one who was here for me..."

says Chesney.

"His father was not the person I hoped he would be. I was leaning towards abortion. When I talked to my mom, she told me to get one, so I realized I wouldn't have her support.

"My counselor shared that she had her first child young. It inspired me to hear that it was possible and to see her now... it made me feel like I could do it, too.

"Deciding to keep him was gradual. At my first ultrasound, it was just a little flutter! As time went on, I got to see more, and it got more exciting every time.

"I want to say thank you to the donors for supporting a place like this. It is so important for people who aren't sure of their decisions.

"I love everything about being Malachai's mom.

He is such a good baby. I had a good pregnancy, good labor. I don't know how I got so lucky."

Crib Club...

This program encourages moms and dads to learn vital parenting skills and take steps to self-sufficiency. By going to classes, parents earn coupons they can redeem for brand new baby items in our Crib Club "baby store." Many of those we serve do not have the resources to buy baby items with a new tag on it. The feeling of accomplishment to earn something like this is game-changing. Not a hand-out, Crib Club is a powerful hand-up.

It takes YOU to make this program possible.
