WOMEN'S CARE CENTER • NOVEMBER 2023

35 CENTERS IN 12 STATES | NEBRASKA EDITION

ANOTHER MOM THANKFUL FOR YOU!

Everyone in her life was telling her to get an abortion. Yomaly says, "I walked in thinking about abortion, but talking through it with my counselor really helped." She told our counselor her whole life she has deferred to others, but now, "I'm in a space where I can find my own voice."

You helped Yomaly find her own strength
at Women's Care Center.

And when Yomaly saw her baby on the ultrasound screen she cried, all thoughts of abortion were gone.

And because of you, Yomaly was able to make 55 visits for classes and support...earning brand new baby items along the way. It was also our counselors who gave Yomaly her baby shower. Yomaly says, "I feel so loved here."

**BECAUSE OF YOU...
MORE WOMEN ARE
COMING HERE FIRST!**

Before going to the abortion clinic. With growth in Lincoln and the new Omaha center, we are serving **triple the number of women this year!** And thanks to you, more than 9 in 10 are choosing life.

YOUR IMPACT

Abby was successful in her job, married with a 9-year-old son. She never expected to be sitting in one of our counseling rooms, overcome with fear and considering abortion. Some childhood trauma, and her tendency to over worry about her son, had Abby panicking at the thought of another baby.

"Women's Care Center was the village I never expected," says Abby.

And she wants you to know,

"I was never sure donating made much difference, but experiencing the Women's Care Center changed my mind. You made a huge difference in my life!"

Above: Abby's baby Alex, looking forward to Christmas

BECAUSE OF YOU...

389

BABIES BORN

(Lincoln — 2023)

Fastest Start-Up Ever

It's true.

The new Omaha center on Dodge Street (opened September 25) has served more women in these first few weeks than any other center in our history (35 centers in 12 states!).

And you led the way by supporting this mission in Lincoln. Nearly 100 babies are already expected in Omaha.

If you have friends and family in the Omaha area, please spread the word.

For more information on how you can help, please contact Madeline Pesavento at Madeline@supportwcc.org.

New Omaha Center, 3737 Dodge Street

Your Gift of a Dad's Miracle

"My name is Jesse and my son is alive because of God and Women's Care Center. When my girlfriend told me she had scheduled an abortion, I begged her to let me take her to your center. The quality of the visit we received was going to make or break her decision to abort that week. And the experience we had made her push back her appointment just enough to give the option of life a second consideration.

Jesse and baby Griffin

"She got an ultrasound and I saw her stare long and hard, and have a paralyzing silence while she listened to our baby's heartbeat. She was silent the whole drive home, but kept looking at the ultrasound photos.

"Today Gryffin Isaiah is her world. He's almost 4-months-old and is cheerful and giggly. We are happily married now, and we both agree we would not change things if we could. I will continue to be a donor to give fathers the opportunity to fight for their son or daughter."

Ally's family

"God Led Me to You," says Ally.

"I knew in my heart that I wanted to continue this pregnancy, but I did not know how to say 'Yes.'

"My counselor helped me identify people in my life that I could trust. I told a friend and then my brother. And the doors kept opening up with more and more love.

"Women's Care Center saved my baby's life and my own. And my daughter's father had a change of heart. He is in love with her. We get to make memories and enjoy the family my baby has created."

To the donors, Ally says,

"This is life-changing. Everything that happens here is so well thought out and well invested. This place has completely changed my life."

Bernice's baby Ethan

"It Wasn't the Perfect Situation,"

says Bernice.

"I had just started a new job. We were uninsured and weren't sure where to go.

"You immediately helped me get insurance and find a doctor. I started going to parenting classes. I was able to get children's books every time I came to the center. I started a little library for my son. I want him to be a reader and to share stories with him."

BERNICE IS SO GRATEFUL TO YOU.

"You helped me develop great friends through parenting classes... a whole network of other moms. They even came to my baby shower!"
