CARELINE

WOMEN'S CARE CENTER • SEPTEMBER 2023

34 CENTERS IN 12 STATES | LINCOLN, NEBRASKA EDITION

"I WENT TO PLANNED PARENTHOOD NEXT DOOR."

You helped Jennifer choose life. She says, "My husband said, 'No, I don't want another baby.' He was nasty and that's not his usual disposition," says Jennifer. "So on top of being worried about having a baby at 43, this was a side of him I'd never seen before."

Her daughter was finishing college, and Jennifer and her husband were enjoying their newfound freedom.

"I went to Planned Parenthood next door.

It's so crazy...only separated by cars and sidewalks!

You can go there and deal with an aftermath of sadness and regret or

you can stay here and have a beautiful baby."

"If I never came here, I would have gone to my (abortion) appointment. **I would have stayed on the other side of the sidewalk.**

I would never know how beautiful my son could be!"

Jennifer and baby Maverick

DESTINY MADE 77 VISITS ...BECAUSE OF YOU!

"Being a teen parent, you get a lot of negativity..." says Destiny.

"But I never felt too young or judged here. I just got to be another mom who was trying my best for my child.

"When Annslee was born, the world was different suddenly, even though nothing had really changed. A lot more things were scary and my love for her made me want to protect her. Classes have helped a lot with the parenting anxiety. And we have been able to earn a carseat, stroller, and so many cute clothes!

"I love seeing Annslee learn things. She says new words, claps, waves. It is amazing to watch her grow."

TO THE DONORS, Destiny says,

"You put a smile on a lot of faces of people who are struggling. This is such a necessary place for people who do not have a support system."

Destiny's baby Annslee

"I met with the abortion clinic..." says Anne.

"I never wanted to abort, but I was afraid that all I would have to offer my baby was life in a homeless shelter with no promise of his next diaper.

"I walked in here with really nothing to my name. Each step of the way you encouraged me that I could be a good mom.

"I attended all the classes, and was able to earn everything I needed for my child. I still have never bought diapers and wipes, because of what I was able to earn. You helped us have a stable and comfortable life. You also provided us a community and education. I had to cut out all my friends and get sober. **Now, all my friends are other moms that come here.**

"THE DONORS ARE THE REASON WE MADE IT.

There are a lot of great moms who depend on this place."

Anne and baby Zeke

"My doctor wouldn't see me, because she didn't want me being pregnant again so soon after we lost our son," says Kayiona. She and her husband had two boys and had just lost a baby to anencephaly (a birth defect). "I was so scared of being pregnant again. We had to find a new doctor and we weren't sure where to go.

"That's why we came here. I remember my counselor saying, **'We are going to take care of you' and you quickly found us a specialist.** You were here for me when I needed it most."

Because of you, Kayiona had a healthy pregnancy.

"Layla is a little firecracker! My boys are very chill, and Layla is the boss. Our sons love her so much. They call her, 'our baby.' She is everything to us."

We now have the opportunity to open a similar center in Omaha.

OPENING IN OMAHA

The new center will be downtown on Dodge Street. Highly visible. On the busiest street in town. Walkable to many who need us. On multiple bus routes. The center is close to campuses and low-income neighborhoods to be convenient to those who need us most.

YOU made this mission a tremendous success in Lincoln. And there is such a need in Omaha.

The number of women from Douglas County having abortions has crept up 28% over the last five years. If you can help or have friends in the Omaha area you think we should talk to, we would love to hear from you. For more information, go to newomahacenter.org. *It takes people like you to do something this game-changing!*

YOU ARE SAVING HUNDREDS OF BABIES EACH YEAR

You might not realize that **abortions in Lincoln have declined 41%** since you helped us open in December 2020. You have brought love, hope and encouragement to **1,305 women** with 91% choosing life!
