Women's Care Center, the Nation's Largest Pregnancy Center, OPENING IN NAPLES!

Founded by a young professor from the University of Notre Dame in 1984, partners like you have grown Women's Care Center from one small center in South Bend, Indiana into the largest, most life-saving pregnancy resource in the United States. With 35 centers in 12 states, no one serves more women or saves more babies. When the opportunity came to open in Naples, we knew we had to say "Yes!"

You might be surprised by the need. Last year, there were 702 abortions here.

1 in 5 Collier County babies was aborted.

But with your help, we can help thousands of women find love, hope and encouragement instead. By replicating the formula that has made Women's Care Center so successful.

- A Uniquely Positive Approach.
- Results Driven.
- Run like a Business.
- Support every step of the way ...from cradle to kindergarten.

Sarah's baby Libby

Sarah googled Planned Parenthood, but found Women's Care Center instead. She says, "You provided me with a sense of security and made me think, 'Maybe I will be ok if I have this baby!' And once I saw her moving around on the ultrasound, I knew I couldn't have an abortion. Thank you for the support you provide to people who are scared." Soon there will be more babies, like Sarah's baby Libby, born in Collier County...*because of you!*

"I was so stressed — I thought my baby wouldn't even have a crib," says Elizabeth.

"My counselor broke it all down for me. I remember her saying, 'You're going to be a great mom.' That was all I needed. And the parenting classes, I loved them!" Elizabeth earned her crib by participating in parenting classes.

Elizabeth wants donors — *like you* — to know, "If this place wasn't here, there would be a lot of worry for a lot of moms.

"Women's Care Center is more than just pregnancy help. It's support for everything

— if you're anxious, or if you just need someone to talk to. No mom has to ever worry about her baby going without something, ***because of you.***"

Elizabeth's baby Emiliano

THE SITE AND PLAN

WITH YOUR HELP, we can build a highly visible new Women's Care Center on the busiest street in town. In one of the neediest neighborhoods. With a big, hot pink sign, 30,000 people a day will see our center driving along Tamiami Trail.

- Three counseling rooms
- A dedicated classroom
- 3D/4D, state-of-the-art ultrasound
- Space for kids — for *Mommy & Me* activities and hands-on learning
- A classroom for sessions like *First-time Moms*, *Strong Fathers* and *Raising Kids with Character*

In every community with a Women's Care Center, life is winning.

In northern Indiana where we were founded, abortions have declined over 50%.

This can happen in Naples too. But it takes you!

3015 Tamiami Trail East

IMPORTANCE OF FLORIDA

With abortion restrictions held up in the courts, there are still more abortions in Florida than 47 other states. Our first Florida center, opened in 2021 in Fort Pierce, has been an outstanding success.

Last year alone, over 1,000 women were served, and 1,476 ultrasounds were performed.

Abortions are already down 9% since opening. **This can happen here too.**

But it takes you to get this center open in May 2024.

THE WOMEN'S CARE CENTER WAY

Partners like you have created a proven process that works in towns large and small.

- **Easy to Find**
Highly visible centers, with large pink signs, located where the need is. Easily accessible, on bus routes, with outstanding visibility online.
- **Welcoming to All Women**
Homelike in appearance and a personal greeting for all women who walk through the door. There is no paperwork and walk-ins are always welcome.
- **Excellent Results**
Highly trained, professional counselors and sonographers. Strengths-based counseling help 92% of the women we serve choose life for their babies.
- **Cradle to Kindergarten**
After a choice for life, the work really begins helping moms become more nurturing and self-sufficient parents. And families earn brand-new baby items by participating in on-going education.
- **Your Gift Goes Further!**
The efficiencies of a larger organization means 89% of all dollars raised go directly to moms and babies!

But without you, there is no Women's Care Center in Naples.

All of our centers have local champions and all gifts raised in our community stay local!
